

CORPORATE REALTY

March 25, 2015

To Whom It May Concern:

Kindly accept this communication as a wholehearted, unreserved and emphatic endorsement of MLM, Inc. Mr. Medrzycki has successfully completed many projects for me in the past ten years. I can honestly say I have never been let down nor have I been dissatisfied.

His work ethic is the driving force and causal factor for MLM's continued success in the construction industry. Machi is detail oriented but has the ability to see the big picture. He is communicative in the extreme when required. He consistently answers his phone, and that alone is worth gold to property management. His personnel are carefully chosen, exhibit professionalism and are polite and respectful to Tenants and Owners alike.

MLM's proposals are thorough and rich in detail. They are delivered quickly and Machi is always willing to revise content to suit Ownership's needs in any given situation. Project scope is examined carefully and all aspects discussed well before demolition or construction ever begins. There is no guesswork on an MLM job. Further, should an unknown issue or hidden condition present itself, notice is quickly given and Machi is there to present options for resolution.

Please be assured you will get excellent service, a satisfying experience and an on-time, successful project should you decide to employ MLM, Inc. I would be happy to discuss any questions or concerns.

Respectfully submitted,

Terry Nunez
Property Manager
