This letter is to introduce you to MLM Incorporated and to recommend them for your construction needs. We used MLM Inc for the remodeling of our office space. They met our expectations with exemplary work, and they followed the initial milestone schedule.

The project managers, Machi and Nick, were always available to answer any questions or concerns that we had, without hesitation.

MLM's crew was pleasant and well-mannered. They carried out the job in a timely fashion without disturbing other tenants in the building. This factor was very important to us considering we rent our space from a large office building.

I believe you will find their services to exceed your expectations. If you have any questions, I can be reached at [jknapp@keystoneengr.com](mailto:jknapp@keystoneengr.com).

Kind Regards,
