To Whom It May Concern:

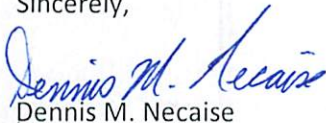

It is without reservations or concerns that I fully endorse MLM Inc. Mr. Medrzycki has done many projects for me over the last few years both personally and professionally. I have never had an issue with the workmanship and have been very pleased with the finished projects.

He and his crews are very professional and polite. Machi is very detailed and communicates as often as you would like. He answers the phone or will call you back as soon as possible if he is in a meeting.

MLM's proposals are very detailed and competitive. They are delivered timely and Machi is always willing to revise based on the Owner's decisions and request. The scope of the project is always discussed in great detail to assure everyone is on the same page before the project ever gets started. If unknown issues arise, Machi communicates the issues in detail and offers different options to resolve the issues.

In short, I have worked with many contracting and construction companies over the years, and there are none that I respect more than Machi and MLM. In my experience, you will not only receive excellent service and quality work, you will also have a project that is completed on time or ahead of schedule. If you have any questions or concerns regarding MLM, please feel free to contact me.

Sincerely,

Dennis M. Ncaise

Project Manager
